ACCOMPLISHMENTS

While a complete listing of the numerous strategic goals achieved and/or incorporated as ongoing functions of City Government may be found in the yearly “City of Manistee Highlights” booklet that is available, examples of work done to implement the Strategic Plan include the following:

- SG#2 SAW Grant funds total $1,905,000 with a local match of $147,500 and will cover the preparation of a wastewater asset management plan and a storm water asset management plan. Accomplishments in 2016 include scanning all infrastructure drawings and plans (3,000+ documents); cleaned and televised sewer mains. Lots of data being gathered, will need to look at data storage and applicable programs.
- SG#5 Continued to work cooperatively with MDNR / U.S. Forest Service to protect nesting sites of endangered Piping Plovers north of Fifth Avenue Beach.
- SG#3, #5 Adopted 2016-2021 Park & Recreation Plan through a county-wide recreation planning process. The plan was endorsed by both the Parks Commission and the Planning Commission. A public hearing was held in January.
- Approved the employment of Tyler Leppanen to the position of DDA Director.
- Councilmember Lynda Beaton taking steps to reenergize the volunteer Blossom Boulevard Committee.
- SG#1 Edgewater/River Parc Place II LLC – Special use permit for Planned Unit Development for 18 residential units with two tenant commercial spaces utilizing existing structure at 80 Washington Street.

Construction has begun on the 12 unit expansion on the current building.
- SG#4 Advanced Life Support / Transport continues to be a well-received program and has generated revenues exceeding one million dollars, minus the expenditures that were incurred by the Fire Department to provide this level of service.
- SG#2 Continued Roadsoft and Paser updates in 2016. Worked on prioritized list following the Asset Management Plan guidelines.
- Stillwater Investments PUD for 11 single family residential units with greenspace on the old Old Hotel Chippewa Site.
- $140,000.00 provided by Reith-Riley to pay 6.03 miles of street pavement on 13 streets.
- City is the 10th community in Michigan to achieve Redevelopment Ready Community Certification
- North Channel Investors processing and manufacturing, eating and drinking establishment with 2nd story living.
ISSUES AND OPPORTUNITIES
In updating their Strategic Plan, Council devoted time to identifying issues and opportunities that should be addressed in the Strategic Plan, including:

ISSUES

- Lack of a sustainable budget.
- Maintaining and improving the sewer system
- Not only the repair and constant maintenance of streets but also the gap differential between State and local funding to “keep pace” with repair and funding of improvements.
- The City owned assets of the Ramsdell Theater and City Marina to become more operationally self-funded.
- Lack of a maintenance plan for assets such as the Ramsdell Theatre and the City Marina.
- Evaluation of assets, like the Ramsdell Theatre and the City Marina, to determine if they truly provide value to the citizens of the City of Manistee
- How to attract people to the City of Manistee to utilize assets
- Understanding the trends in marina use so that decisions may be made to ensure an increasing utilization of the facility
- Continued use and maintenance of property that the City does not own
- Maxed out millage rate leaving the community no room for additional funding for necessary needs
- Lack of succession planning for key departments personnel leaving the City administrative functions vulnerable to the loss of well-trained employees.
- Need to assess health care costs and retirement plans to determine if they are viable, sustainable, and meeting the needs of the employees.
- Deer management process needs evaluation
- Filing the industrial park
- Understanding the issues and problems facing Century Terrace specifically as it relates to the affect the issues and problems have on the senior citizens who live there
- Possibly need a new fire truck
- Lack of an understanding of the housing needs of the community.
- Lack of an understanding of why residents, businesses and industry leave the community.
OPPORTUNITIES:

- Taking advantage of the Redevelopment Ready Communities designation
- Collaboration with surrounding counties
- Implementation of the Manistee County manufacturing strategy
- Follow up/implementation of the Ramsdell Study
- Re-marketing of the industrial park properties
- Utilizing the Riverwalk as an economic development catalyst
- Evaluate the way public safety services are delivered
- To restructure the layout of the budget in a manner that is easier to understand
- Taking the time to learn about leading practices of other communities
- Possibly sharing services and strategically partnering in order to get things done
